> HUMMER™ design

The MEV HUMMER™ HX-T™ is the only proportionally correct licensed cart. The HX-T™ design has been detailed throughout, from the signature HUMMER™ louver grille, custom wheels, door sills, styled seats and floor mats. All matching features have been considered with the trunk top, door hinges, windshield surround, injection moulded LED lights and luxury interior.

Driving towards an **eco Friendly future**

> Technical quality

The MEV HUMMER™ HX-T™ has been manufactured to the highest standard seen within its market; not only are the aesthetics all taken care of so is the unseen engineering; built from a robust lightweight chassis, using advanced electronics and components with hardwearing mechanical parts. The HX-T™ has been assembled to meet rigorous US and European standards.

> Safety first

LED lights are installed to cover; driving beam, side lights, turn signals, brakes and reversing. Unlike other electric carts in this category the MEV HUMMER™ HX-T™ is fitted with adaptive rear drums and hydraulic front discs brakes for optimum stopping power. The HX-T™ has a horn for attention!

- 5m Charging Cable

> HX-T™ performance

Distinct from traditional 48v systems on today's market the HX-T™ utilizes a 72v supply powering an efficient AC brushless motor giving impressive torque through to full speed. From the multi region approved on board Delta-Q™ charger the AC system provides greater efficiency giving the HX-T™ an impressive 60 + mile range per charge. The fully adjustable A-Frame front and semi-independent rear suspension has been built to automotive standards to ensure a comfortable yet sporty ride.

> Distinguished optional accessories

MEV™ have built the HX-T™ with an impressive choice of features included as standard. However, to ensure that each MEV HUMMER™ HX-T™ has its own unique appeal we offer optional accessories ranging from colour coded bumpers to a solar panel roof charging system and leather interior colour choices. On top of these optional accessories the HX-T™ also comes in a choice of 5 standard automotive finish colours.

Optional Accessories

- Pioneer™ CD/Radio System with Remote Control
